# Michael J. McGovern

VICE PRESIDENT  
AIA, LEED® AP BD+C

### EXPERIENCE

As Vice President of the corporation, Mr. McGovern is responsible for oversight of staff architects, preparation of schematic plans, design development drawings, construction documents and specifications, developing CAD office standards and supervision and coordination of its operation. Mr. McGovern is the overall manager of 12 employees in LAN's Goshen, NY Office.

Other responsibilities include preparing proposals, assembling bid packages for State and municipal review, recommending award of contracts, conducting pre-construction meetings, and coordinating projects under construction by performing field inspections and construction management. Mr. McGovern reviews shop drawing submittals, supervises design, mechanical, electrical, plumbing, and structural coordination of construction documents, as well as, provides testimony as a registered architect before planning boards.

Mr. McGovern has worked on projects which have included new construction and renovation for Boards of Education, private, residential and commercial clients.
